

98-XXXXXXX EIN for foreign organization as defined by 8 U.S. Code 1101 (a) 28

IRS fax for Foreign Entities: 304 707 9471

IRS phone for Foreign Entities: 267 941 1099

Foreign = NON HAGUE Country

Shown below is a transcript of phone call which can get you 98 EIN in about 30 min. Fax could take several weeks, but seems to be more flexibility on what you write into item boxes.

*If you get the right agent, it took me three tries, you can get it done over the phone. I applied for a Foreign EIN via fax, still waiting for response letter.*

*First agent was Miss Brown, typical Federal employee, not helpful, wanting to get off the phone with you as fast as possible, told me to fax it in, then call about 4 days later is the only way she can help.*

*Second agent was a middle age man; we got hung up on address, would not continue beyond that. Laughed at me and told me to do more research. I was trying a different approach, as shown in a YT vid. This one got faxed, might get the 98 number in the mail.*

*Third agent was middle aged caucasian woman Miss ( I dont recall anymore), checked my responses with supervisor three maybe four times. Willing to help, amicable.*
